

Suveer Dhawan

Melbourne, Australia | +61 490 534 570 | sdha0043@student.monash.edu | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

EDUCATION

Monash University

Master of Data Science

Melbourne, Australia

Feb 2025 – Present

- **WAM: 88%** | GPA: 3.9/4.0 | Casual Receptionist at Monash Graduate Association
- **Awards:** Seek Top 100 Future Leader Finalist (Quantium Data & AI Award)
- Coursework: Python Programming, Databases, Statistical Modeling, Data Science Foundations, Project Management

New York University Abu Dhabi

Bachelor of Arts in Economics (Honours)

Abu Dhabi, UAE

Aug 2019 – May 2023

- GPA: 3.93/4.0 | Full Scholarship, Founder's Day Award, UAE Golden Visa Recipient

EXPERIENCE

Woodside Energy

AI Engineer Intern

Perth, Australia

Nov 2025 – Feb 2026

- Evaluated 5 LLMs (e.g., GPT-5.1, Claude 4.5) for unstructured data extraction, optimizing prompts to mitigate hallucinations. Authored technical reports on Accuracy, RMSE, and MAPE to establish AI baselines.
- Deployed a production RAG agent via Copilot Studio to synthesize 120 unstructured leadership interviews. Accelerated knowledge retrieval by outputting structured insights with computed confidence scores and metadata.
- Architected an automated AI triage pipeline with Power BI to classify weekly user feedback. Applied RAG-based sentiment and PII analysis, eliminating a 15-person weekly meeting and automating manual review processes.
- Trained custom AI models to parse strict engineering PDFs into structured JSON payloads for drawing governance. Developed deterministic logic executing 26 multi-stage comparisons to automate compliance checks.

AlphaSights

Project Lead

Dubai, UAE

May 2024 – Jan 2025

- Led a team of 3 across 70+ research projects for tier-1 consulting firms (Bain, BCG, McKinsey), exceeding regional benchmarks by 20% and driving 12% YoY account growth.

Client Service Associate

Jul 2023 – May 2024

- Delivered \$800,000 in revenue (14% above target) by connecting global advisory firms with industry experts.

PROJECTS

Hidden Gems Talent |

AI Team Lead (Intern)

Singapore/Melbourne

Jun 2025 – Jul 2025

- Led a 7-person team to deploy an AI-driven recruitment system using n8n and OpenAI APIs.
- Built agentic pipelines to detect AI-generated content, score applicants, and generate personalized feedback, cutting initial screening time by 95%.

Netflix Content Assistant |

Melbourne, Australia

- Built a movie recommendation system using RAG architecture with LangChain, Ollama, and ChromaDB.
- Implemented local LLM deployment and vector embeddings to process 6000+ titles with semantic search capabilities.

ACTIVITIES

AI Team Member, Monash DeepNeuron

Apr 2025 – Present

Events Coordinator, Google Developer Groups on Campus – Monash University

Apr 2025 – Sep 2025

SKILLS

Languages: Python, SQL, R

AI/ML & Evaluation: PyTorch, LangChain, RAG Architecture, LLM Evaluation (RMSE, MAPE), Deep Learning, NLP, scikit-learn, Pandas

Tools & Data: JSON/Data Parsing, Git, Docker, Azure, OpenAI API, Ollama, ChromaDB, n8n, Power BI, Power Automate, Copilot Studio
